ATV Trail Report

All Bayfield County trails have been graded and cleared of downed trees and reported to be in very good condition at this time along with the Tri County Corridor.

Trail 24 south of Iron River has several wet sections due to the recent rains and cooler weather so use caution when encountering these areas.

Trail Closures

Trail 31 leading to the Vahalla Recreation Area has some sections closed due to trail construction but detours are posted so riding is still permissible.

Trail 17 leading from Banana Belt Road to Bayfield County trail 24 will remain closed until further notice due to ongoing logging activity.

Illegal ATV trail usage

There have been reports of ATV's using snowmobile trail 1 between Cornucopia and Herbster which is creating large amounts of damage. This trail is not open to ATV's and sections cross both public and private land where ATV's are not allowed. Please refer to the current Bayfield County ATV trail map available at many businesses throughout the area for legal trails and road routes.

You can obtain a map and visitor guide via mail by contacting the Bayfield County Tourism and Recreation department @ 1-800-472-6338 ext.8 or a printable PDF version at www.travelbayfieldcounty.com
