

Trails North ATV Club Presidents Newsletter 2020

Due to the Corona Virus Pandemic, we have not been having monthly meetings. The number of cases in Bayfield County are escalating, so the Executive Committee of the club met to discuss our strategy for the rest of 2020.

Our unanimous conclusion is to cancel the monthly meetings in order to comply with the county mandate on having gatherings of only up to 20 people along with maintaining social distancing. If this changes, we can put out a broadcast to all members reactivating meetings.

We also agreed to NOT have our usual annual events such as poker run, safety meet & greet, Fall fundraiser, Christmas Dinner, etc. If circumstances permit we will do a broadcast to all members.

Our financial status is healthy with liquid assets at \$47,672.24. This status is due to continuing to provide maintenance on the trails for the County, USFS, and Tri-County Corridor as well as the grant we applied for with the SBA for Corona Virus relief for small business. The grant was just under \$5,000.

We will continue with donations to our previously approved charities such as IR Lions, St Judes, Toys for Tots, and IR Food Shelf.

As far as club rides, we will be creating a list and posting it on our web site of those members interested in being contacted for any organized rides by other members. A broadcast will soon go out asking for all that are interested to provide the info.

If there are any questions or comments, contact me at 715 372-8753 or jbender54@gmail.com.
